MUM district

MUMS are available in a wide range of colours, flower shapes and flower sizes. This great diversity means you can find the perfect MUM for every time of day, to complement many kinds of interior design styles, and suit every personal taste. Choose them as a gift or to please yourself!

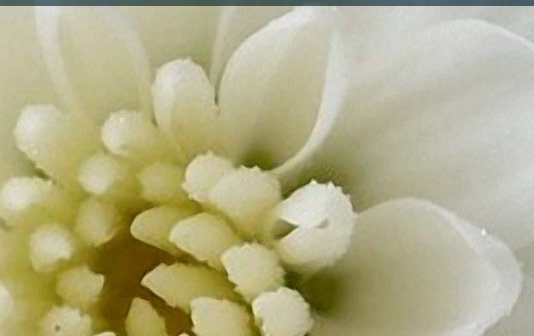

MUMS are the trend

Just how unique are MUMS? Extremely unique indeed! MUMS are flowering plants which can find a home both indoors and outdoors. Have you been invited for dinner and don't know what to take? Buy MUMS! Are you planning a wedding and looking for a fabulous backdrop made with pure white flowers? Use MUMS! Has your life turned the corner into a particularly pleasant phase, or are you dreaming about taking a wonderful trip? Buy MUMS! Are you looking for a challenge, excitement and adventure? Experience MUMS!

A strict process of MUM selection

If you're a MUM, you don't get onto our menu that easily. All of our MUMS are first subject to extensive trials assessed by two star panels - a panel of MUM professionals and a panel of MUM customers. Only if both panels are excited about the plant habit, the flower shape and colour as well as the keeping quality, will the candidate be considered 'top class' and only then appear as the new MUM on our menu!
