STATICE & LIMONIUM

2017-2018

STATICE

Limonium sinuatum is commonly known as Statice. Statice can be found in the wild as a small annual plant in the Mediterranean meadows and marshes on sandy and often saline soils.

"NOT THE FIRST PLANT SOMEONE WOULD PICK TO USE AS A CUT FLOWER."

Through intensive breeding for many years, Royal Van Zanten has developed Statice into the Sun Birds® collection with long, heavy and sturdy stems and long-lasting flowers. The Sun Birds® collection is available in a wide range of colours.

We are pleased to introduce our new varieties.

BLUEBELLE SUN BIRDS® ▼

colour: blue

spike length: very large

length: 95/75

flowering time: medium

production: high

stem weight: 80/50

ACQUA SUN BIRDS® ▼

NEW 2016

colour: blue

spike length: very large

length: 95/75

flowering time: medium-late

production: moderate

stem weight: 80/50

GIANT BLUE BIRDS® ▼

colour: blue
 spike length: large
 length: 95/75
 flowering time: medium-late
 production: moderate
 stem weight: 80/50

 spike length: large
 length: 95/75
 flowering time: medium-late
 production: High
 stem weight: 60/30

YELLOW SUN BIRDS® ►

colour: yellow

spike length: very large

length: 95/75

flowering time: early

production: moderate-high

stem weight: 70/40

Royal Van Zanten

LIMONIUM

There are over 200 different species of Limonium, found all over the world. A few are developed into commercial crops and *Limonium sinensis* is one of them.

Limonium sinensis is an ideal bouquet filler with their slender branching habit and delicate flowers. Royal Van Zanten offers you the China serie which is a heat tolerant *Limonium sinensis*. The China serie is available in four colours and also suitable for more than one flush.

CHINA WHITE® ▲

colour: white
 spike length: large
 length: 75-85
 flowering time: 15-17
 production: 18-22
 stem weight: high

CHINA SUMMER® ▲

colour: yellow
 spike length: large
 length: 75-90
 flowering time: 16-18
 production: 16-20
 stem weight: high

CHINA RED® ▲

colour: red
 spike length: very large
 height: 70-80
 flowering time: 14-16
 production: 20-24
 stem weight: medium

CHINA FLAMENGO® ▲

colour: pink
 spike length: very large
 height: 75-85
 flowering time: 15-17
 production: 18-22
 stem weight: high
