

Royal Van Zanten

Lavandula angustifolia Assortment

Havanna

- Large, deep blue-purple flowers
- Excellent winter hardiness, also suitable for open ground
- Least susceptible to botrytis and losses, aiding in transport and shelf life
- The most vigorous variety
- Blooms 1 to 2 weeks earlier than 'Hidcote'

Bahama

- Large, deep blue-purple flowers
- Slightly more compact than 'Havanna'
- Blooms half a week earlier than 'Havanna'
- Stronger than 'Hidcote', but less compact

Jane

- Large, deep blue-purple flowers
- No cold treatment needed for flowering
- Blooms in the first year
- Similar growth and flowering to 'Havanna'

Availability

Available as rooted and unrooted cuttings. Rooted in 104-cell trays from week 15 through week 40. Rooted and overwintered in 35-cell trays: orders must be collected by week 7.
